

Front and Center at DesignerDigitals

Man On! Kate let me drive the DoubleD bus tonight so you're stuck with my ramblings. The server move went very well this week with no problems during the transition. Now I get to focus my attention on our other improvements coming out later this year to make DD even better. Katie and the other designers meanwhile have been busy creating almost 50 new goodies for you this week so enjoy.

Make sure to join us on [Facebook](#), [Twitter](#) and [Flicker](#) for news, challenges and our Daily Photo events!

And, of course, we have 2 NEW 25 cent items for today and tomorrow ONLY! Don't Miss them!

Front and Center

Want to center an image on your document? You'll be surprised how easy it is! First, select the image you want to center. Press **Ctrl + A**, **Ctrl + X**, **Ctrl + V** (Mac: **Cmd + A**, **Cmd + X**, **Cmd + V**) on the keyboard.

With just those few keystrokes, your image will be perfectly centered on your document.

And over at [IdeaBooks4u](#) they are having a Spring Cleaning Sale!

Have a great week and we'll see you at DesignerDigitals!
