

Keeping on the Straight and Narrow at DesignerDigitals

Happy Mother's Day! Today is a day when we celebrate our mothers and grandmothers and for those of us that are mothers ourselves, we celebrate our own in being a mother.

I came across this quote that I really liked and thought I'd share it with you:

Youth fades; love droops, the leaves of friendship fall; A mother's secret hope outlives them all.
 - Oliver Wendell Holmes

So with that I wish you all a Happy Mother's Day!

And in the store this week we have 49 fabulous new items and two at twenty five cents until Tuesday Morning.

And, of course, we have 2 NEW 25 cent items for today and tomorrow ONLY! Don't Miss them!

Photoshop or Elements Tip of the Week:

Keeping on the Straight and Narrow

Photoshop and PSE have built-in controls to keep you on the straight and narrow. Holding the **Shift key** while you click and drag the cursor often restricts the movement to nearest 45 or 90 degree angle, creating the effect in a straight line.

This trick works when you are using the Brush tool, Line tool and Move tool.

Don't you wish it worked on your kids?

Have a great week and we'll see you at DesignerDigitals!

Katie and Randy
